STATE INSPECTION
of Kingwood

April 10, 2006

John Doe
123 Main St
Kingwood, TX 77339

Hello John,

My name is Paul Rachman and I am the owner of State Inspection of Kingwood, which is located behind Stein Mart in Kingwood, Texas.

We have developed a program that will enable us to provide, **free of charge to you**, the following service:

> **We will notify you by e-mail, phone, or fax (as you choose), whenever any of your vehicles are due for inspection.**

In order to participate, please logon to our website at www.StateInspectionofKingwood.com and provide us with your vehicle(s) information (make / model / year / license # / sticker expiration). We have already **input** your name and address into our system and assigned you a temporary password of 123doe. You may delete this information if you wish. However, we hope that you will participate in the program by entering the method you prefer to be notified by us, and your vehicle(s) information. Please access our website and click on customer area, then follow the prompts.

> **If you elect to enter any information, we will not use it for any reason other than as stated above.**

Sincerely,

Paul Rachman

Paul Rachman

P.S.For our car racing enthusiasts, we also provide Dyno testing. Our Superflow Dual Eddy Current Dynamometer provides accurate measurements of horsepower and torque. For more information, please access our website, www.kingwooddyno.com.
